Both of us - Madhuri & Ajay Deshmukh joined Herbalife Nutrition for good health in December 2013 through someone we know. By profession I am a housewife, and my husband is a teacher. After consuming these amazing nutrition & along with a healthy active lifestyle, I lost 15kgs of weight and my husband lost 17kgs of weight and our health also got improved. Our entire family is using these products every day since last 7 years.

By gaining product confidence, we attended our first success training seminar after regular follow-ups from our sponsor Global Expansion Team-2500 Ranjana Nandakishor Puri & my mentor Millionaire Team Prafulla Chaudhari. We decided to take this opportunity seriously and started attending all the trainings required for our growth.

We joined our sponsor's nutrition club and learned all the skills to open our own nutrition club. We follow Herbalife Nutrition philosophy "USE-WEAR-TALK" and help people create more results.

Virtual platform was an advantage for us to get our business on a global level. We started our virtual nutrition club, now we are serving many people across the world for their good health. By doing this work consistently and passionately, we have qualified to this amazing level. During this journey a lot of people have supported us. We specially thank our sponsor, mentors, corporate staff and heartily thankful to Mark Hughes.

I strongly believe if someone has a desire to dream and ready to put in efforts "ANYTHING IS POSSIBLE".
