Step 3: Run/Walk and Submit Your Result

November 1-30, 2022

Run/walk anytime, anywhere! Choose either one of the following options for submission of your run/walk. All the records will be verified, and duplicated submissions will not be counted.

The Most Recommended

Option 1: Run/Walk with Herbalife Nutrition Virtual Run App

Record your run/walk using Herbalife Nutrition Virtual Run App activity tracker.

Simply click the "Start" button from the Herbalife Nutrition Virtual Run App, run/walk with your phone and press the "Stop" button when you finish. Your activity result will automatically be reflected on your Herbalife Nutrition Virtual Run app.

Option 2 Run/walk with your Wearables

Pair compatible GPS-enabled wearables to the Herbalife Nutrition Virtual Run App.

Please ensure your GPS-enabled wearables are paired prior to the start of your run/walk in order to record your result. Not all fitness trackers and wearables are supported for the Virtual Run.

Option 3: Run/walk on the Treadmill

Take a photo of the treadmill dashboard with the distance and a date reference of your run/walk and upload it on Herbalife Nutrition Virtual Run App manually.

Due to the high volume of submissions, please expect 3-5 working days for the verification and confirmation of your treadmill run/walk submission.

Visit HerbalifeVirtualRun.com for more details.

**Before embarking on any physical activity, please consult your physician.*
