

Nutrition Club Exterior Guidelines

If you choose to give your Nutrition Club a name and/or planning to display signage and a logo, please follow the below guidelines to help ensure you are aligned with [Herbalife's Rules of the Road](#).

When creating a Nutrition Club name, sign, covering and logo, **avoid** the following:

- Using the same or similar name or sign;
- Using Herbalife identifier and branding (name, logos, product names, etc.);
- Making unapproved claims;
- Feature "Before & After" photographs or comparative pictures;
- Imply that Herbalife® products are available for purchase.

Clubs are not franchises or part of a chain of Nutrition Clubs and should not be perceived as such; each Nutrition Club's overall appearance must be unique.

Avoid using an identifier to a specific group (Geographical location, Distributor Organization, Nutrition Club, etc.)

No two Clubs may have identical or substantially similar coverings, names, logos, or signage.
