

Exotic Cars

“Exotic Cars & Automobiles” - means any car that is out-of-the ordinary, expensive, and has stunning looks unlike common cars. These fall into the category of a “LAVISH LIFESTYLE” claim and are prohibited from being shared.

Some brands may be familiar to you as an exotic automobile, e.g., Alfa Romeo, Aston Martin, Bentley, Bugatti, Ferrari, Lamborghini, Lotus, Maybach, Maserati, McLaren, Porsche, or Rolls Royce. Others brands/makes may be considered exotic because the cars have unusual styling, were produced in limited quantities, and/or are rarely found in the marketplace.

Please refer to this list for examples of cars that you are prohibited from sharing. Please note that this list does not include every exotic car. Similar cars may also be considered exotic, so you should check with Member Practices and Compliance (MPC) if you have any questions.

Make	Model	Image
